The Complete Idiot's Guide To Bridge, Third Edition (Idiot's Guides) H. Anthony Medley

Learning bridge isn't like learning poker or blackjack, where the basic rules can be explained in a few minutes. Entire books have been written on the bidding aspects alone, and learning the language of bridge can be intimidating to new players. But 60 million bridge players worldwide is evidence enough that people don't seem to be discouraged by the game's challenging rules and concepts. And why should they be when there's *The Complete Idiot's Guide® to Bridge, Third Edition*, to teach them the game in a fun and easy-to-understand format?

This new edition includes modern bidding techniques and examples to make learning the game even easier, a pull-out reference card for beginning players to have at the table with them as they learn the game, and bonus chapters online that cover some of the more advanced aspects of the game.
