The Power of Israel in the United States

James Petras

The Power of Israel in the United States James Petras

This book is a chapter-by-chapter analysis and documentation of the power of Israel via the Israeli, Jewish or Pro-Zionist Lobby on US Middle East policy. It raises serious questions as to the primary beneficiary of US policy, and its destructive results for the United States. The extraordinary extent of US political, economic, military and diplomatic support for the state of Israel is explored, along with the means whereby such support is generated and consolidated. Contending that Zionist power in America ensured unconditional US backing for Israeli colonization of Palestine and its massive uprooting of Palestinians, it views the interests of Israel rather than those of Big Oil as the primary cause of the disastrous US wars against Iraq and threats of war against Iran and Syria. It demonstrates and condemns US imitation of Israeli practice as it relates to conduct of the war on terrorism and torture. It sheds light on the AIPAC spying scandal and other Israeli espionage against America; the fraudulent and complicit role of America's academic terrorist experts in furthering criminal government policies, and the orchestration of the Danish cartoons to foment antipathy between Muslims and the West. It questions the inability in America to sustain or even formulate a discourse related to the subject of Israeli influence on the United States. It calls for a review of American Mid East policy with a view to reclaiming US independence of action based upon enlightened self-interest and progressive principles.
