## Negative Space: Manny Farber On The Movies Manny Farber

Manny Farber, one of the most important critics in movie history, championed the American action film—the bravado of Howard Hawks, the *art brut* styling of Samuel Fuller, the crafty, sordid entertainments of Don Siegel—at a time when other critics dismissed the genre. His witty, incisive criticism later worked exacting language into an exploration of the feelings and strategies that went into low-budget and radical films as diverse as Michael Snow's *Wavelength*, Werner Herzog's *Fata Morgana*, and Chantal Akerman's *Jeanne Dielman*. Expanded with an in-depth interview and seven essays written with his wife, artist Patricia Patterson, *Negative Space* gathers Farber's most influential writings, making this an indispensable collection for all lovers of film.
