Chapters conclude with a case studies engaging students in the application of their theoretical knowledge to the real world, and encouraging them to be informed and active citizens.

Key Features:

- Alternate tables of content are included to provide professors and students with flexible, easy-to-implement options for approaching and assigning public policy.
- Case studies provide real-world examples that concretely illustrate theoretical concepts.
- End-of-Chapter questions reinforce key concepts and encourage students to think critically about the chapter topics.
- Each chapter ends with a two-part summary that offers a review of the major chapter concepts ("Lessons Learned") and puts them in context ("The Big Picture").
