In the Ooni Kingdom, children born *dada*—with vines growing in their hair—are rumored to have special powers. Zahrah Tsami doesn't know anything about that. She feels normal. Others think she's different—they fear her. Only Dari, her best friend, isn't afraid of her. But then something begins to happen—something that definitely marks Zahrah as different—and the only person she can tell is Dari. He pushes her to investigate, edging them both closer and closer to danger. Until Dari's life is on the line. Only Zahrah can save him, but to do so she'll have to face her worst fears alone, including the very thing that makes her different. This ebook includes bonus content and images, as well.
