The super-performers of this world got where they are today "not" because they are any smarter than the rest of us, but because they know how to multiply their brainpower. Now you can learn their secrets. This book spells out proven techniques that help you: Get your paperwork done in half the time. Remember the names of everyone you meet. Recall facts, dates, and figures with the Data Linking method. Do mental calculations at the speed of a calculator. Read a complete book in less time than most people take for one chapter - and absorb more of what you read. Solve problems that stump others. Speed-learn any subject. Impress the people who can help you most. Set higher goals for yourself and meet them easily. You'll also discover "Wildcatting" - a new, improved system of brainstorming for unusual and creative solutions to problems. You'll learn to decode hidden meanings in what people say, and how to use mental leverage to influence other people. You can achieve job promotions, success in business, election to office, and enduring friendships. The keys to all of these achievements are spelled out for you, step by step, in this remarkable book.
