The Magic of the Light, An Introductory Guide to Better Photography Lighting will show you how you can use light to your advantage. Taking you through a number of different scenarios, you will begin to understand how you can use natural and diffused light in order to help you take the perfect photograph. If you want to understand how lighting can have an effect on every photograph you take, this book will guide you so you feel more confident every time you take a shot.

## **This book also goes on to explain:**

- How to look for the right lighting kit
- How to synchronize your lights
- How to make use of the sun while it's bright and fading
- And how practicing can get you a little closer to taking a photograph you can be proud of
