**Planes (Picture Puffins)** Anne Rockwell

"In the same vein as Rockwell's earlier books—*Boats*, *Cars*, and *Trucks*—this new title presents various types of planes to the very young child. The artist uses clear, bright colors to depict the planes that, in this case, fly in a world inhabited entirely by rabbits—a very useful introduction to aviation."—*The Horn Book*

Simple text and illustrations introduce different types of airplanes in a world where rabbits soar, swoop, and pilot a range of skyworthy aircrafts.
