Audit and Trace Log Management: Consolidation and Analysis

Phillip Q. Maier

Audit and Trace Log Management: Consolidation and Analysis Phillip Q. Maier

As regulation and legislation evolve, the critical need for cost-effective and efficient IT audit and monitoring solutions will continue to grow. **Audit and Trace Log Management: Consolidation and Analysis** offers a comprehensive introduction and explanation of requirements and problem definition, and also delivers a multidimensional solution set with broad applicability across a wide range of organizations.

It provides a wealth of information in the form of process walkthroughs. These include problem determination, requirements gathering, scope definition, risk assessment, compliance objectives, system design and architecture, implementation and operational challenges, product and solution evaluation, communication plans, project management challenges, and determining Return on Investment (ROI). By using templates, tools, and samples that enhance your understanding of processes and solution sets, the author successfully emphasizes the core themes of the book. He also includes many diagrams throughout his discussion that aid in a clear communication of process and solution recommendations.

This volume enables you to gain the knowledge, perspective, and insight needed to independently implement a successful audit and monitoring management system tailored to the unique requirements of your organization.

From reader reviews:

Derek Winter:

As people who live in the actual modest era should be upgrade about what going on or details even knowledge to make all of them keep up with the era that is always change and progress. Some of you maybe will probably update themselves by looking at books. It is a good choice for you personally but the problems coming to you actually is you don't know which you should start with. This Audit and Trace Log Management: Consolidation and Analysis is our recommendation so you keep up with the world. Why, because book serves what you want and wish in this era.

Thomas Moore:

Reading a e-book tends to be new life style with this era globalization. With examining you can get a lot of information that will give you benefit in your life. Together with book everyone in this world can easily share their idea. Textbooks can also inspire a lot of people. Plenty of author can inspire their particular reader with their story as well as their experience. Not only situation that share in the textbooks. But also they write about the information about something that you need case in point. How to get the good score toefl, or how to teach children, there are many kinds of book that exist now. The authors on earth always try to improve their talent in writing, they also doing some investigation before they write to their book. One of them is this Audit and Trace Log Management: Consolidation and Analysis.

George Tucker:

Your reading 6th sense will not betray an individual, why because this Audit and Trace Log Management: Consolidation and Analysis book written by well-known writer who knows well how to make book that can be understand by anyone who read the book. Written throughout good manner for you, still dripping wet every ideas and writing skill only for eliminate your hunger then you still hesitation Audit and Trace Log Management: Consolidation and Analysis as good book not only by the cover but also with the content. This is one publication that can break don't assess book by its deal with, so do you still needing yet another sixth sense to pick this!? Oh come on your reading sixth sense already said so why you have to listening to a different sixth sense.

Virgil Santamaria:

Beside this specific Audit and Trace Log Management: Consolidation and Analysis in your phone, it can give you a way to get nearer to the new knowledge or details. The information and the knowledge you may got here is fresh through the oven so don't always be worry if you feel like an older people live in narrow village. It is good thing to have Audit and Trace Log Management: Consolidation and Analysis because this book offers to you readable information. Do you oftentimes have book but you seldom get what it's about. Oh come on, that will not happen if you have this in your hand. The Enjoyable option here cannot be questionable, like treasuring beautiful island. So do you still want to miss this? Find this book and read it
