Policy and Education (Foundations of Education Studies)

Paul Adams

Policy and Education (Foundations of Education Studies) Paul Adams

Written specifically for education studies students, this accessible text offers a clear introduction to education policy. It aims to help the reader understand what is meant by educational policy, how policy can be made and the main discourses that have driven education.

Capturing the essential aspects of educational policy over the last thirty years, the book provides an overview of political themes in education demonstrating how education policy has progressed and the effect this and politics have had on schools. It then covers key themes such as performance, choice and professionalism to show how education policy is constructed and implemented and how this has impacted on education in practice.

Features include:

- activities that can be undertaken individually or as a group to promote discussion
- annotated further reading lists;
- chapter overviews and summaries

Written as part of the Foundations in Education Studies series, this timely textbook is essential reading for students coming to the study of education policy for the first time.

Rick Fountain:

Is it you actually who having spare time after that spend it whole day through watching television programs or just lying on the bed? Do you need something new? This Policy and Education (Foundations of Education Studies) can be the response, oh how comes? It's a book you know. You are and so out of date, spending your free time by reading in this new era is common not a geek activity. So what these textbooks have than the others?

Hattie Godfrey:

As a student exactly feel bored in order to reading. If their teacher requested them to go to the library as well as to make summary for some book, they are complained. Just minor students that has reading's internal or real their pastime. They just do what the instructor want, like asked to go to the library. They go to right now there but nothing reading seriously. Any students feel that looking at is not important, boring as well as can't see colorful photographs on there. Yeah, it is to get complicated. Book is very important to suit your needs. As we know that on this age, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. Therefore this Policy and Education (Foundations of Education Studies) can make you truly feel more interested to read.
