Nevada sheep rancher Joe Juaristi spoke for years about making a trip back to the Spanish Basque Country that he left sixty years earlier, but each time the subject came up the discussion evolved into a family debate about the scope and members of the journey. Finally Joe's son, Vince, secretly resolved to organize the trip that his father wanted and needed--the two of them, traveling alone, making a quiet reunion with Joe's twin sister, who suffers from Alzheimer's, visiting other aging siblings and friends, and recounting the places that formed Joe's memories of his youth.

*Back to Bizkaia* is part travel book, part memoir of two men exploring their mutual roots and their unique father-son bond. The narrative intertwines an engaging account of the contemporary Basque Country with Joe's experiences as an immigrant making his way in a new country and Vince's memories of growing up in a close Basque-American community in the American West. This is a book about Basques and their American families, but on another level it is every immigrant's story of return to a beloved homeland.
