## Classical and Adaptive Clinical Trial Designs Using ExpDesign Studio Mark Chang ExpDesign Studio facilitates more efficient clinical trial design

This book introduces pharmaceutical statisticians, scientists, researchers, and others to ExpDesign Studio software for classical and adaptive designs of clinical trials. It includes the Professional Version 5.0 of ExpDesign Studio software that frees pharmaceutical professionals to focus on drug development and related challenges while the software handles the essential calculations and computations. After a hands-on introduction to the software and an overview of clinical trial designs encompassing numerous variations, *Classical and Adaptive Clinical Trial Designs Using ExpDesign Studio*:

- Covers both classical and adaptive clinical trial designs, monitoring, and analyses
- Explains various classical and adaptive designs including groupsequential, sample-size reestimation, dropping-loser, biomarker-adaptive, and response-adaptive randomization designs
- Includes instructions for over 100 design methods that have been implemented in ExpDesign Studio and step-by-step demos as well as real-world examples
- Emphasizes applications, yet covers key mathematical formulations
- Introduces readers to additional toolkits in ExpDesign Studio that help in designing, monitoring, and analyzing trials, such as the adaptive monitor, graphical calculator, the probability calculator, the confidence interval calculator, and more
- Presents comprehensive technique notes for sample-size calculation methods, grouped by the number of arms, the trial endpoint, and the analysis basis

Written with practitioners in mind, this is an ideal self-study guide for not only statisticians, but also scientists, researchers, and professionals in the pharmaceutical industry, contract research organizations (CROs), and regulatory bodies. It's also a go-to reference for biostatisticians, pharmacokinetic specialists, and principal investigators involved in clinical trials.

### **From reader reviews:**

#### **Alfredo Dunn:**

Have you spare time for a day? What do you do when you have much more or little spare time? That's why, you can choose the suitable activity with regard to spend your time. Any person spent their particular spare time to take a go walking, shopping, or went to the particular Mall. How about open or even read a book entitled Classical and Adaptive Clinical Trial Designs Using ExpDesign Studio? Maybe it is to be best activity for you. You recognize beside you can spend your time with your favorite's book, you can wiser than before. Do you agree with it has the opinion or you have some other opinion?

#### **Jerry Montgomery:**

As people who live in the particular modest era should be up-date about what going on or data even knowledge to make these individuals keep up with the era that is certainly always change and progress. Some of you maybe will update themselves by reading through books. It is a good choice in your case but the problems coming to anyone is you don't know which one you should start with. This Classical and Adaptive Clinical Trial Designs Using ExpDesign Studio is our recommendation to cause you to keep up with the world. Why, since this book serves what you want and need in this era.

#### **Barbara Jackson:**

Information is provisions for those to get better life, information nowadays can get by anyone from everywhere. The information can be a know-how or any news even a concern. What people must be consider any time those information which is inside the former life are challenging be find than now could be taking seriously which one works to believe or which one the resource are convinced. If you have the unstable resource then you have it as your main information you will see huge disadvantage for you. All of those possibilities will not happen in you if you take Classical and Adaptive Clinical Trial Designs Using ExpDesign Studio as the daily resource information.

#### **Frances York:**

In this period globalization it is important to someone to receive information. The information will make anyone to understand the condition of the world. The fitness of the world makes the information quicker to share. You can find a lot of references to get information example: internet, paper, book, and soon. You will see that now, a lot of publisher which print many kinds of book. The actual book that recommended to you is Classical and Adaptive Clinical Trial Designs Using ExpDesign Studio this publication consist a lot of the information with the condition of this world now. This particular book was represented how can the world has grown up. The vocabulary styles that writer make usage of to explain it is easy to understand. The particular writer made some study when he makes this book. This is why this book suitable all of you.
