Shetland

Ann Cleeves

Shetland Ann Cleeves

Ann Cleeves' bestselling series of crime novels, featuring Detective Jimmy Perez, and now also adapted for a major BBC television series, draw their inspiration from the place in which they take place: Shetland.

An archipelago of more than a hundred islands, it is the one of the most remote places in the United Kingdom. Its fifteen hundred miles of shore mean that wherever one stands, there is a view of the sea. It has sheltered voes and beaches and dramatically exposed cliffs, lush meadows full of wild flowers in the summer and bleak hilltops where only the hardiest of plants will grow. It is a place where traditions are valued and celebrated, but new technologies and ways of working are also embraced.

In this gloriously illustrated companion to her novels, Ann Cleeves takes readers through a year on Shetland, learning about its past, meeting its people, celebrating its festivals and seeing how the flora and fauna of the islands changes with the seasons. Whether it is the drama of the Viking fire festival of Up Helly Aa in winter, or the piercing blue and hot pink of spring flowers on the clifftops, the long, white nights of midsummer or the fierce gales and high tides of autumn, Shetland is vividly captured in all its bleak and special beauty.

From reader reviews:

Russell Carson:

As people who live in the actual modest era should be change about what going on or data even knowledge to make all of them keep up with the era and that is always change and advance. Some of you maybe may update themselves by reading through books. It is a good choice for you but the problems coming to you is you don't know what type you should start with. This Shetland is our recommendation to make you keep up with the world. Why, because book serves what you want and wish in this era.

Ryan Donahue:

The book untitled Shetland contain a lot of information on it. The writer explains your girlfriend idea with easy technique. The language is very simple to implement all the people, so do not worry, you can easy to read this. The book was published by famous author. The author provides you in the new time of literary works. You can actually read this book because you can keep reading your smart phone, or device, so you can read the book in anywhere and anytime. In a situation you wish to purchase the e-book, you can available their official web-site and order it. Have a nice study.

Edward Cooley:

In this time globalization it is important to someone to get information. The information will make a professional understand the condition of the world. The condition of the world makes the information much easier to share. You can find a lot of references to get information example: internet, paper, book, and soon. You can view that now, a lot of publisher which print many kinds of book. Typically the book that recommended to you personally is Shetland this reserve consist a lot of the information from the condition of this world now. That book was represented how do the world has grown up. The language styles that writer value to explain it is easy to understand. Often the writer made some study when he makes this book. This is why this book appropriate all of you.

David Furtado:

E-book is one of source of understanding. We can add our information from it. Not only for students and also native or citizen need book to know the upgrade information of year to be able to year. As we know those textbooks have many advantages. Beside many of us add our knowledge, can also bring us to around the world. By book Shetland we can consider more advantage. Don't someone to be creative people? To become creative person must love to read a book. Just simply choose the best book that suitable with your aim. Don't always be doubt to change your life at this time book Shetland. You can more pleasing than now.
