## **The White Death: Tragedy and Heroism in an Avalanche Zone** McKay Jenkins

In 1969, five young men from Montana set out to accomplish what no one had before: to scale the sheer north face of Mt. Cleveland, Glacier National Park's tallest mountain, in winter. Two days later tragedy struck: they were buried in an avalanche so deep that their bodies would not be discovered until the following June. **The White Death** is the riveting account of that fated climb and of the breathtakingly heroic rescue attempt that ensued.

In the spirit of Peter Matthiessen and John McPhee, McKay Jenkins interweaves a harrowing narrative with an astonishing expanse of relevant knowledge ranging from the history of mountain climbing to the science of snow. Evocative and moving, this fascinating book is a humbling account of man at his most intrepid and nature at its most indomitable.
