Harness: Types and Usage for Riding - Driving and Carriage Horses John Philipson

Originally published in 1882. An early guide to the history and use of harness for riding, driving and horse drawn carriages. Includes remarks on the traction, and the use of the Cape cart. Also contains important directions to Grooms and Coachmen regarding their duties and their dress and numerous hints on driving, and is well illustrated with explanatory drawings. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.
