Life Before Michele Bacon

Seventeen years is a long time to keep secrets, and Xander Fife has gotten very good at it. Everyone believes he has a normal life and a normal family. If he can just get through this summer, he'll start his real life in college with a clean slate--no risk, no drama, no fear.

Even better, his plans for summer are awesome: lots of pick-up soccer, relaxing afternoons with friends, and an epic road trip. Xander is banking on some long overdue nights with his ideal girlfriend, the amazing Gretchen Taylor.

Instead of kicking off what had promised to be an amazing summer, however, graduation day brings terror. His family's secrets are thrust out into the open, and Xander must confront his greatest fear. And survive doing so.

Armed with a fake ID, cash, and a knife, Xander skips town and assumes a new identity. Hundreds of miles from home and in danger, one thing is clear: Xander's real life is already in progress and just getting through it isn't enough.

Fans of Ellen Hopkins's *Burned* and *Smoked*, as well as Matt de la Pena's *We Were Here* will be drawn to Michele Bacon's debut.
