Southerners have always gardened with great style. The temperate climate of the American South allows the garden to serve as an extension of a home's interior. With patios, terraces, and pools, Southern homes frequently spill into outdoor living space. The long growing season provides ample opportunity to carve these areas and the surrounding landscape into beautiful gardens. From the vast estate gardens to the simplest potager supplying juicy tomatoes throughout the summer, the garden holds a place of supremacy in the Southern imagination. This book illustrates a range of Southern gardens, both grand and simple, with over 200 photographs. The American South extends over five garden zones and allows for a wide range of garden styles and plantings, from the rolling hills of Virginia to the tropicality of New Orleans or the plains of Texas. The monthly gardening feature of "Southern Accents" has long been a popular staple of the magazine and readers are herein offered an overview by gardening editor Lydia Longshore.

**From reader reviews:**

**Jane Riley:**

Reading a book tends to be new life style in this era globalization. With reading you can get a lot of information that can give you benefit in your life. With book everyone in this world can share their idea. Ebooks can also inspire a lot of people. Lots of author can inspire all their reader with their story or perhaps their experience. Not only situation that share in the guides. But also they write about advantage about something that you need instance. How to get the good score toefl, or how to teach children, there are many kinds of book that exist now. The authors nowadays always try to improve their expertise in writing, they also doing some research before they write with their book. One of them is this The Southern Garden.

**Teresa Fernandez:**

Precisely why? Because this The Southern Garden is an unordinary book that the inside of the book waiting for you to snap it but latter it will shock you with the secret the item inside. Reading this book beside it was fantastic author who else write the book in such amazing way makes the content inside easier to understand, entertaining means but still convey the meaning entirely. So , it is good for you because of not hesitating having this ever again or you going to regret it. This book will give you a lot of positive aspects than the other book possess such as help improving your expertise and your critical thinking way. So , still want to hold off having that book? If I ended up you I will go to the publication store hurriedly.

**Martha Howell:**

This The Southern Garden is great reserve for you because the content that is full of information for you who else always deal with world and get to make decision every minute. This particular book reveal it information accurately using great manage word or we can say no rambling sentences in it. So if you are read this hurriedly you can have whole details in it. Doesn't mean it only will give you straight forward sentences but tough core information with beautiful delivering sentences. Having The Southern Garden in your hand like obtaining the world in your arm, facts in it is not ridiculous just one. We can say that no book that offer you world in ten or fifteen minute right but this book already do that. So , this really is good reading book. Heya Mr. and Mrs. stressful do you still doubt this?

**Timothy Pace:**

Do you like reading a book? Confuse to looking for your best book? Or your book seemed to be rare? Why so many question for the book? But just about any people feel that they enjoy with regard to reading. Some people likes reading through, not only science book but also novel and The Southern Garden or others sources were given knowledge for you. After you know how the good a book, you feel want to read more and more. Science publication was created for teacher or even students especially. Those guides are helping them to include their knowledge. In other case, beside science guide, any other book likes The Southern Garden to make your spare time more colorful. Many types of book like this.
