The profiles show plain-language projects done by organizations ranging from grassroots volunteers on a shoe-string budget, to small nonprofits, to consultants completing significant federal contacts. End-of-chapter questions and exercises provide tools for students and practitioners to reflect on and apply insights from the book. Reflecting global commitments to plain language, this volume includes a case study of a European group based in Sweden along with results from interviews with plain-language experts around the world, including Canada, England, South Africa. Portugal, Australia, and New Zealand.
