Earthkeeper: Undeveloping the Future Adam C Hall

Adam C. Hall achieved the American Dream in all its glory and then woke-up to the nightmare of his own life's condition. Once a financial power broker and real-estate developer, Adam undertook a life-changing metamorphosis that would ultimately alter his mind-set from Earth Conqueror to Earth Keeper.

To come this far, Adam had to come to terms with the misery that was at the center of his very privileged and comfortable life. He endured the loss of all that he treasured most. It was only then that he was finally able to discover the Creative Power of the Universe that is hidden within each of us.

We have entered an era like none other in history. The economy of the Western world and the ecology of the entire planet are threatened with the possibility of imminent collapse. In the midst of these dire circumstances, a dramatic shift is occurring within human consciousness. The ancient prophecies of the Hopi, Mayans and Incas, among others, all point to this moment as the time when humanity will undergo a rapid evolution within a single generation—that will affect all future generations. And evolve we must, if we are to remain as a viable species on a healthy planet.

The EarthKeeper intimately chronicles Hall's remarkable journey and illuminates a path for others to follow. Once a conquistador who felt entitled to rule over the earth, Adam transformed into a nature-centric "undeveloper," dedicated to maintaining harmony and balance within the Gaia's all-providing Garden.

An Indiana Jones saga of exotic adventure and redemption, The EarthKeeper is a remarkable story of courage and conviction; and a roadmap to a better future—personally and collectively.
