Jason Williamson, Tom Laszewski, Prakash Nauduri

Oracle Information Integration, Migration, and Consolidation Jason Williamson, Tom Laszewski, Prakash Nauduri

This enormously practical guide, interspersed with numerous real-life case studies and actual business scenarios, shows readers when, where, and how to use Oracle's wide range of data integration products. If you are a DBA, application or data architect, or data integration specialist who is running an Oracle database or middleware and you want to learn about the latest on Oracle's information integration platform, then this book is for you. You can also benefit from this book if you are an application developer or technical and project lead with a focus on master data management, data warehousing, and data consolidation. You should have working experience with Oracle Database, data integration, consolidation, and migration, as well as some familiarity with integration middleware products and information service buses.
