Méndez's stories emerge out of the gritty and working-class barrios of El Paso. At times gesturing towards the magical realism south of the border, his characters struggle to carve out a piece of the "American Dream," but the difficulties they endure often leave them speechless. This is where Méndez's strength as a writer is most visible. While his characters struggle to find the right words, he does not. His prose is restrained, his metaphors apt, and his details are damn near perfect. The desert might be unforgiving, but Méndez is able to impart a degree of grace into his stories without resorting to sentimentality. One of the sharpest young writers in the Southwest, he gives voice to a region that has remained on the periphery of American literature for far too long. His will be a career to watch closely.

--D. Seth Horton, Series Editor, *New Stories from the Southwest* and Series Co-Editor, *Best of the West: New Stories from the Wide Side of the Missouri* El Paso is at the center of the new map of the West. The stories in *Twitching Heart* reveal the moments where lives shift and unravel, where they intersect and destinies chosen. From a husband hoping to save his marriage with the help of a mysterious faith healer to an airman's first time at war, a widower's deal with a rogue angel and a father's perilous journey to reconnect with his daughter as the world around them crumbles, these stories show the American Southwest as rarely portrayed, as a changing landscape and cultural epicenter of our shared American future.
