In her unforgettable new novel *When Morning Comes*, Francis Ray delivers an emotionally powerful tale about the families we build, the choices we make, and how we find love and family along the way.

Dr. Cade Mathis learned early that he was not the son of the man who raised him. His adoptive father, a cruel, bitter man, had always been quick to tell him that he was a bastard and an embarrassment to the rich society family whose daughter got pregnant with him. So when Cade received a full scholarship to college, he was only too happy to leave the only home he had ever known behind and never looked back. Now a successful doctor and one of the best neurosurgeons in the state, the only thing he still wants are answers about where he came from. What he doesn't expect to find is Sabrina Thomas, the new patient advocate at his hospital, or how this woman will lead him to the family he has been searching for and a love he never expected to find.
