Una selección de las mejores frases del Papa Francisco

Profundamente comprometido con los más desfavorecidos y preocupado por la desigualdad que genera el sistema político y económico que impera en el mundo actual, el papa Francisco ha elevado su voz en los foros más importantes y ante los principales dirigentes políticos, económicos y sociales en defensa de los derechos humanos y de los valores cristianos. Su denuncia del amor al dinero, de la explotación del hombre por el hombre, de la destrucción del medio natural o del uso del nombre «Dios» para justificar guerras e injusticias está marcando un cambio esencial en el mensaje de la Iglesia católica, que se enfrenta a resistencias internas y externas.

Este libro recoge una selección de sus mejores frases, que resumen y compendian el pensamiento y la autoridad moral de Jorge Mario Bergoglio, extraídas de las encíclicas, los discursos, las homilías y los mensajes de mayor calado en sus tres años de pontificado. Unos textos que ofrecen las claves para una vuelta a la esencia del Evangelio y a una regeneración ética y moral del mundo moderno.
