Information Graphics: A Comprehensive Illustrated Reference Robert L. Harris

This beautifully illustrated book is the first complete handbook to visual information. Well written, easy to use, and carefully indexed, it describes the full range of charts, graphs, maps, diagrams, and tables used daily to manage, analyze, and communicate information. It features over 3,000 illustrations, making it an ideal source for ideas on how to present information. It is an invaluable tool for anyone who writes or designs reports, whether for scientific journals, annual reports, or magazines and newspapers.

From reader reviews:

James Stover:

Information is provisions for individuals to get better life, information today can get by anyone in everywhere. The information can be a information or any news even restricted. What people must be consider while those information which is inside former life are hard to be find than now is taking seriously which one is suitable to believe or which one the actual resource are convinced. If you find the unstable resource then you have it as your main information there will be huge disadvantage for you. All those possibilities will not happen in you if you take Information Graphics: A Comprehensive Illustrated Reference as the daily resource information.

Lawrence Caulfield:

People live in this new day of lifestyle always attempt to and must have the time or they will get lot of stress from both lifestyle and work. So , whenever we ask do people have time, we will say absolutely sure. People is human not really a huge robot. Then we inquire again, what kind of activity are you experiencing when the spare time coming to you actually of course your answer will certainly unlimited right. Then do you try this one, reading textbooks. It can be your alternative inside spending your spare time, often the book you have read will be Information Graphics: A Comprehensive Illustrated Reference.

Frederick Palazzo:

Reading a book to get new life style in this yr; every people loves to examine a book. When you study a book you can get a lots of benefit. When you read ebooks, you can improve your knowledge, due to the fact book has a lot of information onto it. The information that you will get depend on what sorts of book that you have read. In order to get information about your examine, you can read education books, but if you act like you want to entertain yourself you are able to a fiction books, this kind of us novel, comics, and also soon. The Information Graphics: A Comprehensive Illustrated Reference will give you new experience in studying a book.

Tim Andrus:

You could spend your free time to read this book this book.
